XL-2T

7 Zone Control / Communicator

Designed for easy installation and homeowner convenience, the fully-featured XL-2T control panel is the next generation of the popular XL-2 series. For price and performance, it's the best control panel in its class.

Remote or local troubleshooting is made quick and simple with the XL-2T's large event buffer. The control panel is engineered to maintain up to 76 events, each of which is identified with a time and date stamp.
